۳	ب: متن زیر را بخوانید و به سوالات به صورت خواسته شده پاسخ دهید. Many zoos try to protect some endangered animals, but studies show that they are not good homes for most wild animals. Animals like leopards, wolves, and cheetahs need large spaces to run and hunt, which zoos cannot provide. Many zoo animals don't look happy because they cannot behave naturally - wolves cannot hunt, leopards cannot climb trees properly, and elephants cannot travel long distances. Baby animals born in zoos may never learn important skills they would learn in the wild. <u>Sadly</u>, some zoos keep animals in cages that are too small, which causes pain and stress to the animals. While some zoos help injured animals or endangered species like pandas, most wild animals belong in their natural homes. Instead of visiting zoos, people should protect animals' real habitats and watch them on TV. We should stop hunters from hurting wild animals, rather than putting them in zoos where they cannot live freely. I. Is it true or false? (1) ۳۱. It is wonderful that wolves cannot hunt when we keep them in zoos. True ☐ False ☐ ۳۲. We must teach the zoo animals important skills like climbing trees. True ☐ False ☐ II. Choose the best answer. (1) ۳۳. What is the passage mainly about? a. Why zoos are not a good place to keep wild animals b. How we should help the injured animals in zoos c. How wild animals usually live in the wild d. Why we need to protect the natural homes of animals ۳۴. The underlined word "sadly" in the 5th line is closest in meaning to a. naturally b. recently c. hopefully d. unfortunately III. Answer the following question completely. (1) ۳۵. Why do some zoo animals look unhappy? 	۱۴
